

17th October 2016

Dear Parent/Carer

We have been given the opportunity to offer our GCSE students a Mathematics revision guide and/or workbook from Edexcel. The guide contains revision and practice covering all the GCSE topics, as well as tips on examination preparation.

Our previous GCSE students have found these books to be very useful in assisting their revision.

In the shops the guide and/or workbook retails at £5.99 but we have been given a special school price of **£2.50** each to include postage which represents a huge saving.

If you would like to order a copy for your child, please complete the tear off slip below and return it to Resources with appropriate payment by **Wednesday 30th November 2016**. The guides are available in both Foundation and Higher please indicate below which you require.

Yours sincerely

Rachael Lewis
Director of Maths & Computing
